

Vote NO 20-Year Soccer Stadium Tax

Washington Township wants you to buy a Soccer Stadium for \$11.5 million that the Township and Business agreed was worth only \$5.4 million on March 19, 2019. Then the Soccer Stadium was granted a **special 32% tax cut!**

The proposed 20-year property tax increase will buy a **money-losing** Soccer stadium.

Since opening Total Soccer has failed to pay \$1 million for health and safety mandates including handicapped areas, access roads, sewers, and Engineering inspections. A yes tax increase vote means taxpayers will have to pay these mandates.

A Government take over of Total Soccer means Schools and governments will lose over \$7 Million in taxes because Government run facilities don't pay taxes.

The 20-year tax increase is approximately \$51.5 million, costing \$1,850 per person! Spend money on your family instead. Vote No New Stadium tax.
